Menno Prins, Research Fellow

Philips Research Eindhoven, the Netherlands

Menno has been with Philips Research since 1995. He received an MSc degree in 'Physique et Applications' from Université Paris XI, and an Honours MSc degree in Applied Physics from Delft University of Technology. He had a six-month spell working at the Indian Institute of Science in Bangalore and gained his PhD in Experimental Physics at Nijmegen University.

At Philips Research, he is currently working in the field of Healthcare Devices and Molecular Diagnostics, where he is investigating lab-on-a-chip biosensors.

Menno is a part-time professor at the Eindhoven University of Technology (TU/e) leading the Molecular Biosensors group for Medical Diagnostics.
