

# Curriculum Vitae

Wilfred Gerard van der Wiel

- 28-05-1975 Born in Gouda, the Netherlands.
- 1987-1993 Grammar school at the Coornhert Gymnasium in Gouda.
- 1992 Prize awarded by the Federal Republic of Germany:  
Premium Program of the Pedagogical Exchange Service.
- 1993 Awarded participation of the Summer Science Institute of  
the Weizmann Institute of Science, Rehovot, Israel.
- 1993-1997 M.Sc. Applied Physics, cum laude  
Delft University of Technology.  
Graduate research in the Quantum Transport group of  
prof.dr.ir. J.E. Mooij.  
Subject: Magnetoresistance Oscillations of a 2D Electron  
Gas Ring in contact with a Superconductor.
- 1996, 1997 Shell International Traineeships at Thai Shell Exploration  
and Production Company, Ltd., Bangkok, Thailand.
- 1998-2002 Ph.D research at Delft University of Technology  
and NTT Basic Research Laboratories, Atsugi, Japan,  
under supervision of prof.dr.ir. L.P. Kouwenhoven  
Subject: Electron transport and coherence in semiconductor  
quantum dots and rings.
