
CURRICULUM VITAE

27/6/87

Marc J. F. Wouters was born in Eindhoven, 1965. After Gymnasium B, he studied at Eindhoven University of Technology. He holds a Master's degree in Industrial Engineering & Management Science, with a major in Maintenance Management (1988). As part of his study, he did several projects in industry (Wouters 1987, 1992d). He also studied at Tilburg University and holds a Master's degree in Economics (cum laude), with a major in Economics of Developing Countries (1990). He fulfilled alternative national service by doing a research project at Eindhoven University of Technology. This research project addressed the interaction between Management Accounting and Production & Inventory Control (Wouters 1991b, 1992e, 1992f). As a research assistant, he initiated a new research project June 1990 which has resulted in a doctoral thesis and several related publications (Wouters 1991a, 1992a, 1992b, 1992c). He co-authored several methodological papers (Florusse and Wouters 1990, 1991), and is on the editorial board of the Dutch journal *Maandblad voor Bedrijfsadministratie*. From March 1993, he will be working as a consultant for Moret Ernst & Young management consultants.
